

I have recently become aware of Sinclair Corporations manipulation of our local media, and their intent to force our local stations to air the segment 'Stolen Honor', a strongly biased, dishonest and partisan piece of advertisement slandering John Kerry. This is an affront and criminal. It violates the laws governing our air waves. These airwaves belong to the public, not to private businesses to do as they please. The programs and materials presented are supposed to be locally oriented-representing the opinions and concerns of the local audiences. It is not supposed to be trying to decide them. Such an action is clearly a violation and abuses the trust placed in the licensee and also FCC by those who are supposed to be being served- the people. I hope that the FCC will take action to correct this.
